

**STICK a TILE BOND** is a liquid latex-based additive for both interior and exterior use. It can be used to enhance flexibility, assist with water resistance in permanently wet areas, or where moisture is present, in areas with extreme temperature changes and to increase bonding strength when using a **STICK a TILE** cementitious powder adhesive or grout.

All recommendations contained in this document are based on the **SABS 10107:2011** Code of Practice for the Design and Installation of Ceramic Tiles.

### MIXING

- **STICK a TILE BOND** is supplied ready for use. **DO NOT ADD WATER OR ANY OTHER SUBSTANCES**, this will compromise the products working capabilities.
- Refer to the mixing instructions of the product being used and replace the entire water ratio with **STICK a TILE BOND**.

**NOTE:** **STICK a TILE** cementitious adhesives and grouts will dry a shade darker with the addition of **STICK a TILE BOND**.

### APPLICATION

**STICK a TILE BOND** is recommended, but not limited to, the following areas: permanently wet areas, bathrooms, swimming pools, cold-rooms, hospitals, kitchens, balconies and areas where extreme temperature changes are expected.

### PACKAGING AND STORAGE

- **STICK a TILE BOND** is packed in 1 litre, 5 litre and 25 litre containers.
- **STICK a TILE BOND** must be stored at a moderate temperature (10°C and 30°C) in an airtight container, off the floor and out of direct sunlight.
- Shelf life is approximately 6 months.

### COVERAGE

Refer to the product being used with **STICK a TILE BOND** for the approximate coverage.

### GUARANTEE

We guarantee that **STICK a TILE** products meet the required specifications and will be free of defect. Any guarantee regarding the performance of **STICK a TILE** product will be subject to the professional and practical application of **STICK a TILE** product in accordance with our instructions and specifications. The guarantee would become void should the **STICK a TILE** product be contaminated or altered by the addition of cement, sand, or substance other than recommended by us.

We have no influence over specific site conditions and therefore, if in doubt, the user should first carry out sufficient tests to ensure that the product is suitable. In special cases, obtain professional advice from the **STICK a TILE** technical department.

**NOTE:** We required to be informed within a reasonable time of suspected defect/s and afforded the opportunity, and time, to investigate the problem in detail. **NO** remedial work is to commence until our final findings and assessments have been made in writing.

#### WARNING

Do not ingest. Keep away from children and pets. Do not empty in drains. Contact **STICK a TILE** for further Health and Safety Information.

#### PRECAUTIONS

In the event of contamination, rinse thoroughly with cold clean water and seek medical assistance if irritation or discomfort should occur. Wear the appropriate safety equipment, rubber gloves, a mask and ensure the area where the product is been used is well ventilated.
